# From the President

The Malden Chamber of Commerce is pleased to provide the 2013-2014 Directory to the Malden community. We suggest you keep this book next to your phone, or, better yet, in your car. This book is a testament to the scope and diversity of our civic community.

Our membership includes not only businesses, but non-profit organizations and government agencies. All of us living and working in Malden benefit from the strength and richness of our civic community. Almost every event, kids program, or non-profit in Malden receives the lion's share of its support from the local businesses you pass by every day. You can do your part by patronizing these businesses. Consider this: 45 cents of every dollar you spend locally returns to our community in the form of jobs, taxes, or donations to charity. Compare this to less than 14 cents of every dollar spent at a national chain, a 3 to 1 benefit. Do us all a favor, shop and dine locally.

The Malden Chamber of Commerce has been serving this community for 110 years. We are here to promote and support the commercial and civic interests within the City of Malden and affiliated communities. We believe that a strong business community means a strong, healthy community. I am pleased & honored to serve as Chamber President this year. The Malden Business Community is like no other in its commitment to success, determination & dedication to working with one another. As a Malden Business Owner for over twenty years, I appreciate this opportunity to lead such a great group of people.

Thank you all for your support of the Chamber. Please feel free to contact me if you would like more information about our Chamber.

# From the Mayor

It is said that the three most important considerations in real estate are location, location, location!

The City of Malden offers a prime location with its close proximity to Boston and its ready access to major roadways. Our location also allows the ability to walk, bike, or drive to destinations inside or outside the community quickly. The MBTA system offers yet another means for people to commute around the area as we are the last major transportation hub north of Boston. Our residents and businesses have access to two train stations, a commuter rail, and bussing that can get them to downtown Boston in under twelve minutes.

Malden is also home to one of the most culturally diverse populations in Massachusetts and we take pride in our wide selection of housing stock, excellent restaurants, historical parks, and three award-winning school districts. In addition, the Middlesex Fells reservation, the Malden Bike Path, and our River Walk offer opportunities for biking, jogging, walking, and other recreational activities.

Moving forward, the City of Malden is investing close to \$15M in the renovation of parks and in the maintenance and repairs of our roads and sidewalks. We are also increasing the utilization of technology in the areas of public safety and education. These advancements are made possible as a result of the many new developments breaking ground all over the city during the next twelve to eighteen months.

The Chamber of Commerce has served as the catalyst in all that is happening by connecting business with community. The Chamber provides assistance and support for both new and established businesses while fostering a greater sense of community. Inside this directory are many of the member businesses that make Malden their home. The scope of services available within these pages will provide you resources for all of your needs as a resident. Utilizing the skills and services of our local businesses is one way we can help Malden move forward.

Thank you for making Malden your home as residents and business owners. Only by working together can we continue to make progress and contribute to Malden's Strong Past, Proud Future.

Sincerely,

**Gary Christenson**  
Mayor, City of Malden
